Dear Ron:

The records that you requested to inspect on January 26, 1979, namely, results of tests and analyses of water and chemical samples taken from sites owned by Donald Distler and A. L. Taylor (a sample of your request is attached) cannot be made available to you at this time. This is because they contain information which will be used in prospective administrative adjudication. The authority for this denial is contained in KRS 61.878 (1) (f).

However, an administrative hearing on the matter to which this information relates is scheduled for February 22, 1979 in Frankfort, and the records which you wish to inspect will be made available to you at the close of that hearing.

Sincerely yours,

Jack McClure
Executive Assistant
